

## SPECIAL THANKS

From the bottom of our hearts, thanks to each of you whose path we crossed in Belgium and in Palestine, men and women, old and young who rather than “insult darkness chose to light candles in the night » : .

Thank you **Marianne**, **Nadia** and **Henri** for the time you gave us while we were taking our first steps into the Palestinian world. Thank you for the simplicity and honesty with which you allowed us to benefit from your knowledge of the field's reality. Thank you too for being so involved : we really couldn't have dreamt of better guides.

Thank you, **Leïla**, **Michel** and **Tal** for the dignity of your messages of freedom and of your call for more conscience. Thank you for the example your direct actions are : you have opened us to a more complete and more universal reading of the problem of the Israeli-Palestinian conflict as well as to the wonderful possibilities there are of a better society.

Thank you, **Anne-Sophie** and the team of the Halles of Schaerbeek for the intelligence and richness of the 2008 Masarat Festival. We didn't know then that we were entering into « Beautiful resistance » and learning the language of all the people we were going to meet and make friends with during our trip to Palestine.

Thank you, **Philippe** for your watchful technical assistance while we were building [www.taayoush.be](http://www.taayoush.be). Thank you so much for your enthusiasm and steadfast support for our project.

Thank you **Martine** for looking for (and finding !) young Palestinians in Aida who would agree to join us in our meeting-exchange project and so make it come true. Thank you, **Abdelfattah** for opening the doors of Al-Rowwad to us

Thank you, dear **Salam** and **Marwa** for your extreme kindness and the simplicity with which you opened the ball of our interviews. Thank you **Mazen**, **Jamal** and **Moustapha** for the thousands little joys and pleasures we have shared with you three. Long live the Freedom Sons ! - Thank you dear **Youssef** for inviting us to attend your basketball match. It was really impressive to see you all dribble and turn and score in your wheelchair. We wish your dream will come true and hope your team will soon be invited to play in Europe and the States. Thank you **Ayssar** for the beauty and intelligence of the pictures you and all the members of the “Images-for-Life” workshop allowed us to discover. Thank you **Mourad**, and congratulation for the great human quality of your films about your people's everyday life and history. Thank you both, dear **Hamza** and **Mohamed** for your faithful company all along our feedback- relaxation evenings at Aida Guest House. Thank you **Tarek** for the intelligence and the generosity with which you look at people and life in general. Thank you dear **Oussama** and dear **Samira** for being with us all along the interviews. Thank you for the translations and the complicity you helped us create with the young people of Al-Rowwad.

Thank you, **Moustapha Abu-Srouer** and thanks to your mother **Sabha** for telling us about your brother. Thank you **Sandra** for sharing your Smile Project with us.

Chapeau for your commitment and determination through all the too frequent vexations and administrative niggling...

Thank you **Chantal** and thanks to your husband for welcoming us so heartily in Hebron. Thank you **Anya** and all the members of the **Committee for the Rehabilitation of the Old Town** for the quality of the information you gave us all along our visit. Congratulations for the spirit and philosophy of the great job of reconstruction you have initiated. Your vitality and your creativity in the struggle against oppression are a real lesson to us. Thank you.

Thank you **Layali, Mohammad**, and the so cute guide from **Project Hope Association** for showing us round Nablus. Thank you **Ahmad** and **Professor Wasim Bichawi** for the light-hearted and jolly meeting you organised for us with the Students of the French department of Al-Najah University.

Thank you **Mr Director of the YCC Centre in Balata**. Thank you for opening the doors of the camp and trusting us : be certain we will tell the people here what we saw, felt and heard in Balata and will make your people exist here. May things be better for all of you soon.

Thank you dear Daoud for the great job you and your colleagues do with the children of the old Jerusalem. Thank you for everything that in your words, acts and attitude testifies your real concern that life could one day be possible for everybody over there. Thank you for the incredible gentleness of your determination and for your sweet company !

Thank you **Mr Ali Jiddah** for the trust you have shown in telling us about your background as an ex-activist of the armed struggle and now a defender of peaceful resistance. Thank you for considering our project so seriously

Finally, thank you **Ribal**. You are both so deeply sad and so full of projects, so cruelly lucid and so desperately determined to give hope a chance. We do admire your involvement in the Beautiful resistance and the incredible energy you put in it. You are just amazing and we are your friends, forever.
